What do you do the entire day Hedgehog? Do you go to school? Really? When do you get up? You get up at 7 o'clock in the morning? So early? That's cool. And then? You go to the bathroom. You have a shower and you get ready for the day. And afterwards you have breakfast. And then you go to school. School finishes at 12? 12.30. Aha. And at quarter to one you are at home? And then you do your homework? That takes two hours? More? Less? Just one hour and a half? You do that correctly? Ok. And in the afternoon? You play with your friends. What do you play? You play football or you play computer. Cool. And after playing with your friends, what do you do? At 6 o'clock you have dinner. Ah, until 6.30. And at half past eight you watch a film. And when do you go to bed? At ten o'clock? At 10.30? At a quarter to eleven? At quarter past 11? And you sleep the entire night? Sounds like a good day.
