

at the barnyard

text

Text 1

I like animals. I really think they are really beautiful. For example rabbits, like Bugs Bunny. They are really, really beautiful. But I think, dogs are more beautiful than rabbits. And I think, horses are the most beautiful of the three. And I really like dogs because they are really loyal. They are more loyal than rabbits. Rabbits are not really loyal. And they are more loyal than horses. Actually the dogs are the most loyal of the three animals. That's why I appreciate dogs.

Text 2

You know, I quite like animals. I really like dogs. I like dogs the most. But I also like horses. And I like pigs. I think they are pretty cute actually. I like horses and pigs, but more I like the dog. I like the dog more than the pig. And I like the pig more than the horse. I like the dog the most. And I like the horse the least. And I like the rabbit. I think the rabbit is cute. It's cuter than the cow. The cow isn't really cute. But the cow is cuter than the horse. The horse is the least cute.

Text 3

On a barnyard you have a farmer's wife and you have a farmer. They both work really, really busily at the barnyard. There is a lot of work to do. There are a lot of animals like horses, like cows, like little rabbits. They all have to be fed. You have to work with the dog, educate the dog, show him how to manage the herd of sheep for example. You have to clean the stables, for example the pigs' stables or the cows' stables or the horses' stables. You have to collect the eggs of the hens. So there is a lot of work to do. But on the other side I think it's quite a nice job.

Text 4

At the barnyard there are loads and loads of animals. My favorite animal at a barnyard is the dog. But also like horses. Horses are bigger than dogs and they are bigger than sheep. Horses are the biggest of the three animals. I like chicken. Chicken are very cute. Chicken are smaller than ducks, like this duck. And ducks are smaller than geese. The goose is the biggest bird you have on a barnyard. I quite like those birds.

Text 5

You know, I like spending time at barnyards. There are a lot of animals there. And I like animals. For example, there are normally dogs. There are also normally horses. And there are also very frequently sheep. And you can see cows. And of course you almost always see pigs. And many barnyards have ducks and chicken and rabbits. Chicken are smaller than ducks. The cow is smaller than the horse. And the cow is bigger than the dog. And the horse is bigger than the sheep.
