This is my room. I live in this room. I sleep in this room and I also work in this room. This is my desk. It's not a real desk but it's better than spending the entire day in my bed. This is my bed. In my room there is also a sofa. And there is also a lamp. I need the lamp in order to illuminate my room, especially at nights in order to read. There is something like a closet. In the closet I store parts of my clothes. And I have a cupboard and in the cupboard I store the rest of my clothes, for example my socks, my jumpers, my shorts and my trousers. So this is my room where I live with a very nice view to the street.

That's our kitchen. In our kitchen we cook and we sit together and we store our food. We have a sink in order to wash our dirty dishes. We have a stove in order to cook. We have an oven in order to bake or to prepare certain dishes. We have a coffee can. It's from Italy in order to make coffee. There is a cupboard in order to store fruits and other stuff. There is a microwave but we never use it. There is, of course, a refrigerator in order to store our stuff which needs to be cooled. And there is a table and two chairs in order to sit down and have a little chat.

That's our living room. In our living room there is a sofa. On the sofa I can sit. So I sit down. We have a chimney. With the chimney you can make it quite warm inside in winter when it is cold. We just light a fire. There is a small table. On the table we keep our plates for example when we eat or our glasses when we have drinks. And there is a bigger table with some chairs around it where we have dinners together, all the shared flat. And there are two paintings in order to decorate the living room. That's a nice living room. We like it.
